- John Keane
- Milind Kulkarni
- David Maxwell
- Lisa Olson
- Rich Piazza
- Rae Powers
- Venkatasubramaniam Ramakrishnan
- Shadya Beatriz Maldonado Rosado
- Alec Summers
- Katherine Taylor-Jewell
- Umberto Vizcaino
- Paul Wortman

Agenda

- CWE Macro Changes
- CWE User Interview Guide Draft
- CWE Usability Mockups Updates

Meeting Notes

Macro Changes – Usability: Macro- and Micro-Level Review

- Macro – How to organize weaknesses at structural, site-wide level?
 - Organizing views
- Site-wide navigation
- Micro – How to define a weakness understandably/accurately?
- Remove redundant and unnecessary information
 - Moving information to a better place
- Better leverage the schema

View and Category IDs

- There have been discussion around removing 'View and/or Category' CWE IDs from page (under title) to prevent mappings.
 - Currently, IDs have already been removed from titles. IDs will still be used in URL.

CWE User Interview Guide Draft

- The User Interview Guide will be used to gather feedback from prospective user groups.
 - This will be sent to UEWG members soon and hope everyone can participate.

CWE Usability Mockups Updates

- Sharing mockups has been completed via Google Drive and Work is continuing on the CWE Usability Mockups.
